Antithrombotic Therapy for Stroke Prevention in Atrial Fibrillation: Current Strategies & Future Directions

Program Overview:
This live, interactive CME activity is designed to provide up-to-date information and guidelines for the prevention of stroke in patients with atrial fibrillation. The program has been designed to provide a balance of expert-driven and learner-directed education. The program will begin with a presentation conducted by an expert speaker and will incorporate opportunities for audience interaction and application of information via embedded questions and patient case studies. The program will conclude with an interactive Q&A session during which attendees can seek answers to questions that specifically relate to their individual clinical practices.

Target Audience: Cardiologists and other members of the cardiac care team such as Nurse Practitioners, Physician Assistants, etc.

Learning Objectives:
• List factors that increase the risk of stroke in patients with atrial fibrillation.
• Identify the benefits, risks and limitations of warfarin therapy and guidelines for its use in stroke prevention in patients with atrial fibrillation.
• Discuss the benefits and limitations of genetic testing for warfarin dosing.
• Describe the role of antiplatelet therapy for stroke prevention in atrial fibrillation and recognize emerging alternatives to warfarin.

Accreditation:
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the University of Cincinnati and Horizon CME. The University of Cincinnati is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Cincinnati designates this educational activity for a maximum of 1.25 AMA PRA Category 1 Credit(s)™. Physicians should only claim credits commensurate with the extent of their participation.

Cost: Complimentary. Dinner will be served.

Register Today!
Confirm your attendance by calling the office of the California State Chapter of the ACC Toll Free at 1-877-460-5880 OR by e-mailing your full name, degree(s), address, phone number and email address to Administrator@CAACC.org. Healthcare providers only please.

This program is supported by an educational grant from the Bristol-Myers Squibb/Sanofi Pharmaceuticals Partnership.
